# HOT ZONE

## Get Now, Increasing Your REVENUE TODAY!!

Hot Zone is a Wireless Internet and Security System which provides Time Managed Internet access to the public from the low cost of a cup of coffee per day.

- **Increased Revenue** – by encourage business professionals, students & technology savvy clients into your business over that of your competitors, while attracting their repeat business.
- **No Freeloaders** – that hog seats from paying customers?
- **Time Managed Internet Access** – ‘you’ control how long each client has access with the click of a button, allowing you to shorten connection times in peak periods, and lengthen in off peak times.
- **Free Burglar Alarm** – the built-in alarm system can take additional detectors and panic button to protect ‘your’ premises.
- **Marketing Tool** - customise messages on Hot Zone tickets (specials, thank you messages, competitions, etc). After logging in the Business’s website is the first page opened.
